IDENTIFY DISCREPANCIES WITH AUDITING SUPPORT & ANALYSIS

Rest easy knowing that TopBloc verifies your data to identify discrepancies before it's too late. We will review the audit results and provide you with the cause of each audit result – along with our recommendations for how to handle – all prior to completing payroll so you can make informed decisions on when adjustments are necessary.

PREPARE FOR YEAR-END WITH QUARTERLY REVIEWS

For our Premium tier clients, at the end of each quarter, TopBloc will review your Workday payroll tenant for items that may impact your quarter tax filing or cause additional work at year-end. We will notify you of any items that require your attention.

Additionally, TopBloc will guide you through the year-end process in Workday. We'll assist with audits and adjustments to ensure that W-2s are issued accurately and timely. For ADP clients, we will also work with you directly to ensure successful receipt and processing of W-2 data once it leaves Workday.
